SAFE

- Automatic reverse polarity and short circuit protection, reverse charge protection, over temp protection, cell balancing and audible alarms
- Automatic shut-down in fault conditions

SMART

- Combined with the Smart leads, the MA9000 automatically detects if it is correctly connected to a vehicle, and warns the user of any errors

POWERFUL

- High quality jump starting leads and powerful Lithium Cobalt cells means enough power to start up to 3.5 Litre diesel motors!

USEFUL

- 9000mAh storage capacity means the unit can fully charge an iPhone6 up to 4 times
- The powerful torch function can provide light when you need it most, with the option of a steady beam, SOS and strobe modes

SMART JUMP LEADS

The Smart Jump Lead attachment features a full set of safety features for peace of mind, complete with audible and visual warnings

- Automatic reverse polarity protection
- Prevents charging from vehicle back to jump starter
- Audible alarm to alert user to fault conditions
- Automatic shut down in fault conditions
- Boost function for dead flat batteries
- High quality copper cable and clamps
