Exide Technologies is the largest manufacturer of Automotive batteries in Australasia and benchmarked in the industry for leading edge technology. All of our batteries are manufactured to the highest possible standards under the NATA quality certification logo. The AS/NZS ISO 9001/QS-9000 Quality Standard assures you that our products are produced within a management system of the highest quality levels.

All of the batteries in our range carry a nationwide warranty - that's a guarantee you can trust.
